SAT Review Course Description:

Upon successful completion of this course, students will develop individual strategies to implement during the SAT. Beginning with a Pre-Course Assessment, students will use results to strengthen specific areas of weakness. Students will be expected to attend each session and complete both homework and in-class assignments. Throughout the course, practice tests will be conducted on Saturdays in order to monitor the progress and identify area of needed improvement for each individual. The Official SAT Study Guide: Second Edition will be the required text and can be obtained through www.collegeboard.com (used copies often available at www.Amazon.com)

There is a 10% discount if you sign up for a math prep class and a writing/reading prep class!
